

ОТВЕТЫ

1. _____

A horizontal number line with an arrow pointing to the right. Major tick marks are labeled 0, 10, 15, and 20. There are 10 small tick marks between 0 and 10, 5 small tick marks between 10 and 15, and 5 small tick marks between 15 and 20, representing increments of 1 unit.

2.

A horizontal number line with arrows at both ends. It has major tick marks labeled 0, 8, and 10. There are 8 small, unlabeled tick marks between 0 and 8, and 2 small, unlabeled tick marks between 8 and 10. This indicates that each small tick mark represents 1 unit.

3.

A horizontal number line with arrows at both ends. It has major tick marks labeled 0, 10, 16, and 20. There are also minor tick marks between the major ones, representing every integer unit. The line is black and the text is black.

4.

A horizontal number line starting at 0 and ending at 40. Major tick marks are labeled at 0, 10, 20, 30, and 40. Between each major tick mark, there are four minor tick marks, dividing each 10-unit interval into five 2-unit intervals.

5.

A horizontal number line with arrows at both ends. There are 11 major tick marks labeled 0, 1, 2, 3, 4, 5, 6, 7, 8, 9, and 10. The numbers 0, 4, and 10 are printed in a larger font above the line. There are also 10 minor tick marks between the major ones, representing tenths of a unit.

6

A horizontal number line starting at 0 and ending at 50. Major tick marks are labeled at 0, 10, 20, 30, 40, 45, and 50. Minor tick marks are present every 1 unit. The number 45 is highlighted in blue.

7

A horizontal number line with an arrow pointing to the right. Major tick marks are labeled 0, 10, 15, and 20. There are 10 small tick marks between each major tick mark, representing increments of 1 unit.

9

A horizontal number line starting at 0 and ending at 30. Major tick marks are labeled at 0, 10, 20, and 30. There are also minor tick marks between the major ones, representing increments of 2. The number 28 is specifically labeled above the line.

9.

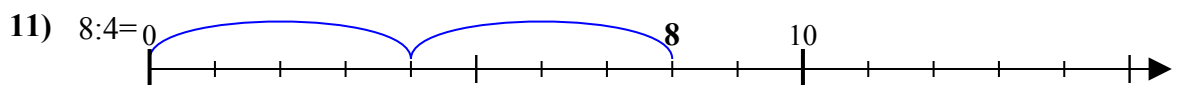

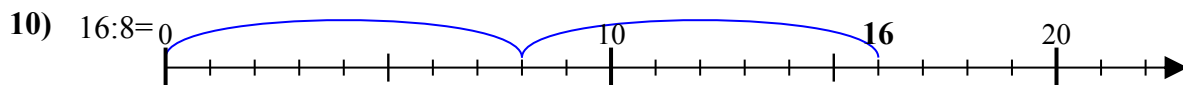

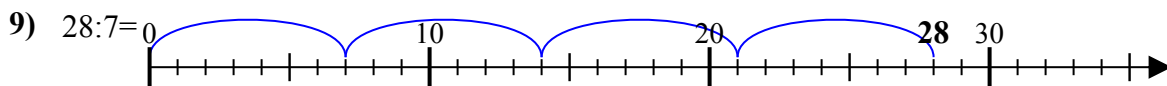

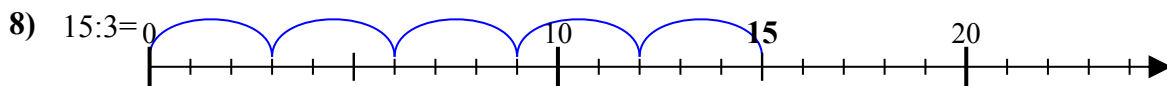

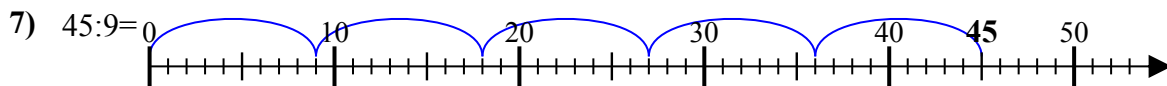

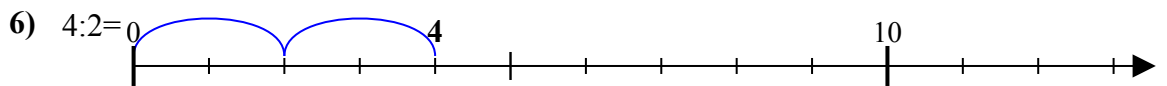

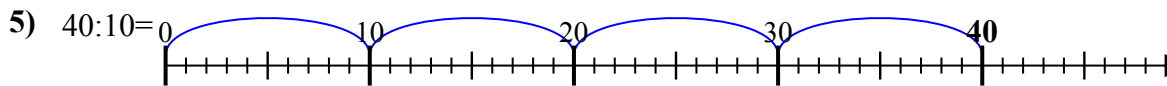

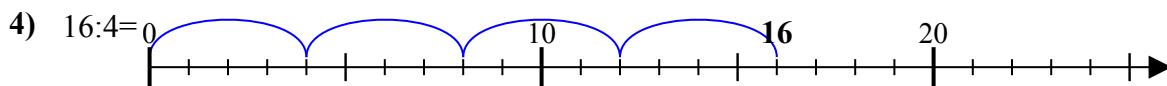

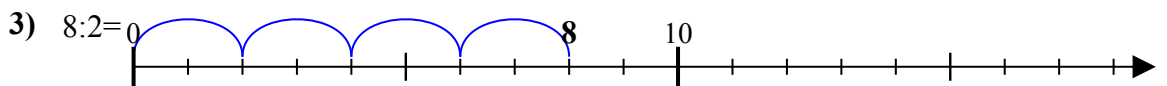

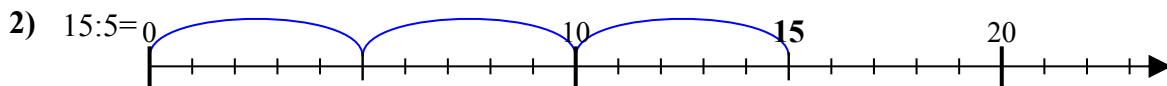

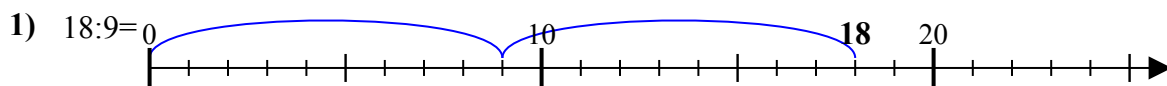

A horizontal number line with an arrow pointing to the right. There are major tick marks at 0, 10, 16, and 20, which are labeled with their respective numbers. Between these major marks, there are smaller tick marks every 1 unit. Specifically, there are 9 small tick marks between 0 and 10, 6 small tick marks between 10 and 16, and 4 small tick marks between 16 and 20.
